

Set Up

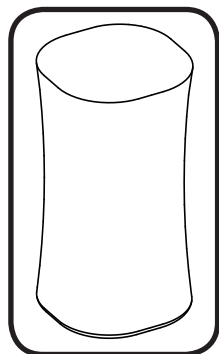

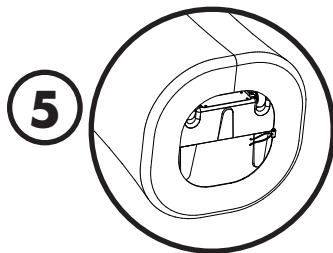

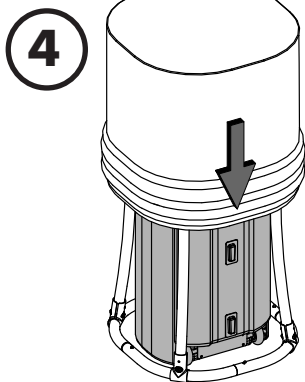

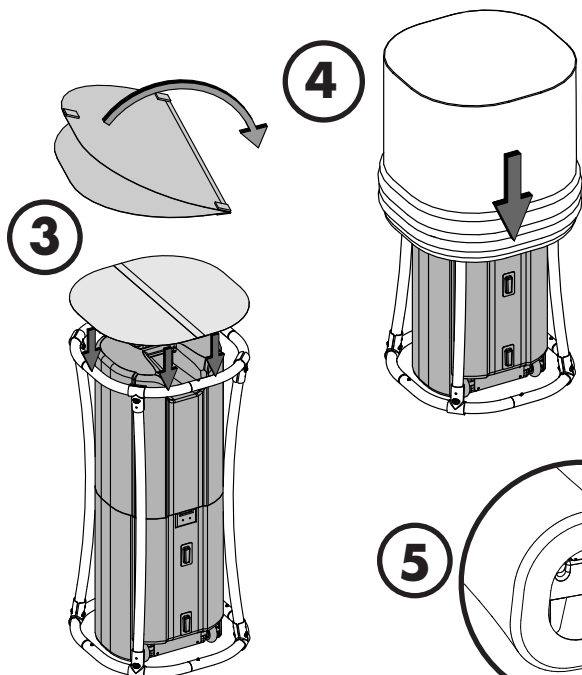

1. Assemble frame by connecting 4 curved tubes for the bottom level and 4 curved tubes for the top level. Using thumbscrews, attach the 4 vertical tubes to each corner.

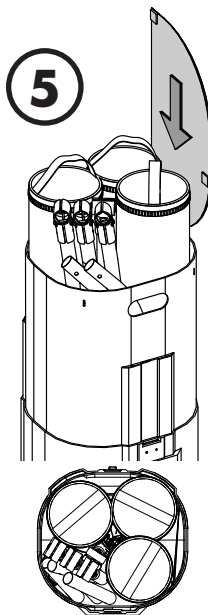

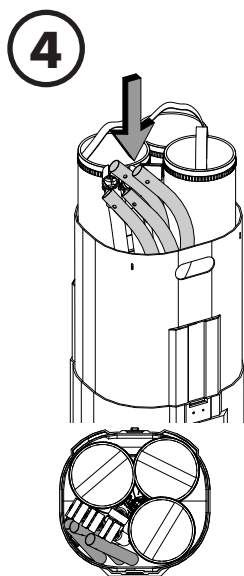

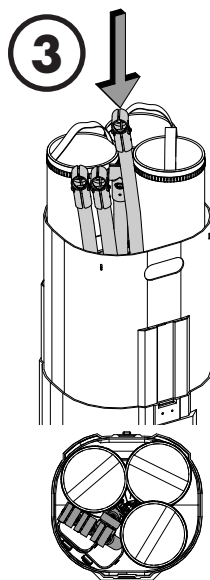

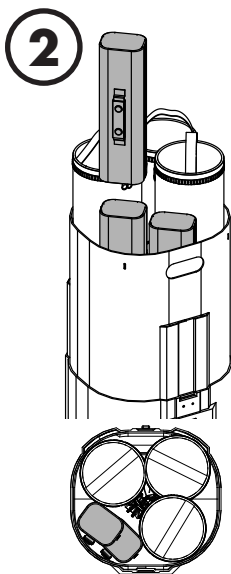

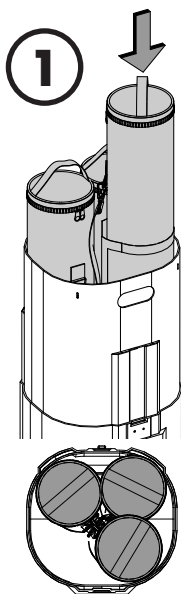

2. Fit assembled frame over the case.

3. Unfold the top panel and place it on the top level of the frame.

4. Slip the cover over the frame and pull it down to the bottom. Align the seam at the top with the edges of the top panel.

5. Tip the table to the side and tighten the drawstring on the cover.
