

Tapered Fabric Table

Stylish table with custom graphics

exhibiting solutions

Tapered Fabric Table

Stylish Table Complements Exhibits of Any Size

Sturdy Tube Ultra™ Frame

Tube Ultra™ is light weight, yet structural. A single frame section attaches to the base plate and solid table top to create a functional work surface for demonstrating products or taking leads.

Quick and Easy Set Up

Just two connections! Simply connect the base plate and table top to the frame and secure with an Allen wrench. Attach the tension-fit fabric cover and you'll be exhibiting in minutes.

Custom Fabric Graphic Cover

Custom, branded graphics complement your exhibit. Skyline fabric graphics are durable, ultra light weight and easy to change.

Table Top Available In 3 Finishes

Solid table top has a durable surface and is available in black, white or granite finish.

Optional Backlighting

Attract attention with backlit graphics. The fluorescent fixture is easy to install and provides

intense, even lighting.

Packs Small

The Tapered Fabric Table is designed to pack small -- either as part of your larger exhibit or on its own. Two units fit in one Clamshell case.
